

THE GOOD EARTH ORGANIC C.S.A. Sign-up form

So, what is a CSA?!

Community Supported Agriculture, a social and economic alternative to “conventional” industrial food production. ‘Shares’ of the harvest are purchased at the beginning of the growing season from the farm which then provides a weekly distribution of produce grown on the farm to it’s members throughout the season.

The community gains a greater sense of responsibility and a closer connection to their food source, our members receive fresh organic produce every week during the season; while we, the farmers receive up-front financial support for the growing season ahead. Everybody’s happy!

Here’s how it works:

C.S.A. shares are picked up weekly for 16 weeks from July 3rd to October 16th 2014 at our farmstand on Thursday of each week, from 1:00 p.m. to 6:00 p.m.

Each weekly C.S.A. Share will include a variety of nutritious, certified organic seasonal produce, herbs and a beautiful bunch of fresh-cut flowers.

Here’s some of what we’ll be growing for you out in the fields this season...
